

Amendment Proposal to the Virtual Taekwondo Rules and Regulations

(Effective as of April 11th, 2026)

Article 3: COMPETITION AREA AND TECHNOLOGY		
Original Article	Proposed Amendments	Reason for Change
<p>3.1 Mat Size and Specifications</p> <p>[Original Diagram]</p>  <p>The size of the mats is 4m by 4m for each player and the mats should be placed a minimum of 2m apart from each other. The start position on each mat must be marked 1m from the center in the opposite direction of the player's front. The start position is marked using a 0.25m by 0.25m square with a Black or Yellow outline.</p>	<p>3.1 Mat Size and Specifications</p> <p>[New Diagram]</p>  <p>The size of the mats is 4m by 4m for each player and the mats should be placed a minimum of 2m apart from each other.</p> <p>Each mat shall have two possible start position options, marked 1m from the centre, of which only one shall be used for the competition.</p> <p>The start positions may face forward, or players facing each other. It must not be configured back-to-back or with the players' backs facing the main spectator area.</p> <p>The start position is marked using a 0.25m by 0.25m square with a Black or Yellow outline.</p>	<p>To show the two different starting positions that may be used and add an explanation on the two possible start positions and its use.</p>

3.2 Set-up of Field of Play

[Original Diagram]

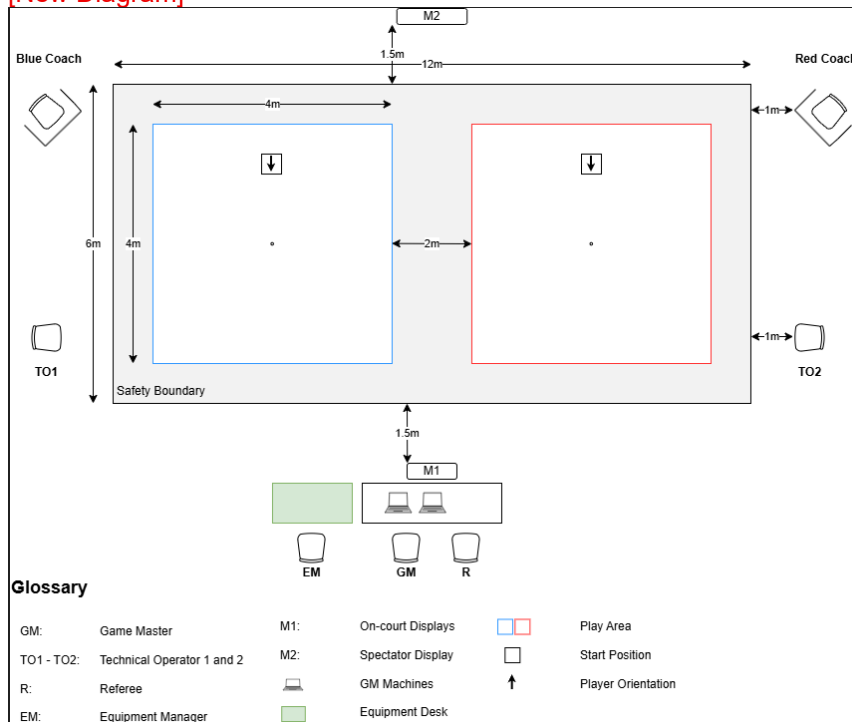

This is the recommended arrangement of the Field of Play at the competition venue.

The competitions will be managed by a Referee, Game Master and two (2) Technical Operators. The distances between the Game Master Console, Technical Operators, Coaches' area and spectator displays if they are standing, shall be at least 1m from the mats for the safety of

3.2 Set-up of Field of Play

[New Diagram]

This is the recommended arrangement of the Field of Play at the competition venue.

The competitions will be managed by a Referee, Game Master and two (2) Technical Operators.

A minimum of two (2) displays shall be provided. At least one display shall be positioned for the clear view of the Technical Operators and Coaches, and at least one display shall be positioned for spectator viewing. All

To show an updated display layout and to add details on the use displays in the Field of Play as displays are a key part of the officiating process and spectator engagement for VTKD.

<p>the athletes. The position of the Technical Operators and Coaches may be altered to accommodate the environment of the venue and requirements from media broadcasting and/or sport presentation.</p>	<p>displays shall be placed at a minimum distance of 1.5m from the mats.</p> <p>The distances between the Game Master Console, Technical Operators, Coaches' area and spectator displays if they are standing, shall be at least 1m from the mats for the safety of the athletes.</p> <p>The position of the Technical Operators and Coaches may be altered to accommodate the environment of the venue and requirements from media broadcasting and/or sport presentation.</p>
